LIABILITY & WARRANTY

All Carron nets are inspected before they leave the factory and are warranted to be of good workmanship. The material is subject to deterioration from the natural aging process, improper care and damage due to vandalism. All nets should be inspected for broken meshes or any other apparent weakness before every use.

We can not and do not guarantee freedom of injury from the use of our product. The user must assume all risk of injury due to use.

There are no warranties which extend beyond the description on the face thereof, and the merchantability of all nets is subject to deterioration.

CLAIMS

Any claim regarding workmanship of materials must be filed within 30 days after date of shipment.

RETURNED GOODS

Please contact factory for prior authorization. Ship freight prepaid to Carron Net Company, 1623-17th Street, Two Rivers, Wisconsin 54241.

21556	Replacement Baskets for Tidi-Court
21557	Replacement Tray for Tidi-Court
21558	Replacement Scorecards with Rings for Score Keeper

Colored Windscreens

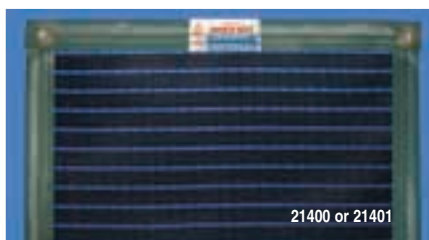

Dress up your court or playing field with colored windscreens. Custom made colored vinyl-coated polyester screens are available in a wide variety of colors and sizes. Multi-colored screens as well as screens with logos, lettering and numbering are also available. Contact Carron Net for details and pricing.

NUMBER	DESCRIPTION
21407	Colored Windscreen

Windscreens

Carron windscreens are either polypropylene or PVC vinyl coated polyester and are designed especially to reduce air flow onto tennis courts. Available in open mesh, woven with special sun and weather resistant yarn.

Windscreens will not mildew and will resist abrasion. All edges are reinforced with Herculite® vinyl material and sewn with two rows of stitching to help assure outstanding performance year after year. Polypropylene screens weigh 1 lb. per 21 sq. ft. of material and vinyl coated polyester 1 lb. per 17 sq. ft. of material.

Polypropylene

Vinyl Coated Polyester

21535	Quick Loop - to attach net to cable

CARRON NET offers a complete assortment of court accessories to keep the game going and help reduce maintenance costs. Resorts, clubs and schools appreciate our full selection of models for every need and budget.

Ordering Windscreens

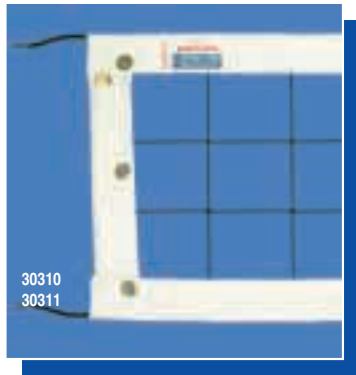

1. Measure fence length from tension bar to tension bar. Maximum length of any one panel, no more than 60'. Choose 6' high or 9' high panels.
2. Small sections for gates and areas above gates available. Can be shorter than 9' high.
NOTE: Extra charge for each screen shorter than 20' long (Stock #21406).
3. Each screen comes complete with metal grommets spaced every 18" apart on all four edges. Choose "S" hooks (Stock #21500) or nylon cord which comes on 100 yard rolls (Stock #21501), or tie wraps (Stock #21502).
4. Optional items:
 - A. Air Vents (Stock #21404): oval shaped cutouts in screens to allow air to pass through and help take the strain off your fence. Recommended every 6'.
 - B. Center Reinforcement Tape (Stock #21405): sewn horizontally through the middle of each screen. Reduces billowing by attaching the middle of the screen to your fence.
5. Choose vinyl coated polyester (Stock #21402 or #21403) or polypropylene (Stock #21400 or #21401).

Official Power Volleyball Nets

Original Absolute Anti-Whip

Pioneered by Carron Net, the original Anti-Whip design is the very best for Professional, College and High School team use. The top half of these nets are made of durable fibers encased in tough 100% nylon and prevents the net from whipping up on the rim. The lower half of the net is our strongest cotton (Net #10200) or nylon (Net #10201). Use on all no-tie hoops. Available with tie cords upon request.

Steel Chain Net

A rugged, easy-to-install net for indoor and outdoor use. 12 top loops.

12 Top Loop Nets

"Flight Control" Hour Glass nets are proven stronger and longer lasting than other nets. CARONETS are available in heavy-duty braided nylon, braided polyethylene and several weights of cotton. For use on no-tie and ordinary hoops.

8 Top Loop "Amateur" Nets

Available in braided nylon, "Amateur" nets are made for hoops having only 8 no-tie loops. Quotes available upon request for nets for special or juvenile sets.

Basketball nets by CARRON NET have long been the choice of teams across the nation.

For quality and value... choose CARRON NET!

Batting Cage Nets

Carron standard batting cages are offered in a #21 knotted nylon or heavy weight #36 knotted nylon materials. Each net features one piece construction with 1-3/4" square mesh netting. The square mesh pattern has been proven superior to the "diamond" pattern netting. For maximum strength, all top, bottom and side edges are bound with tape.

FOR OUTSTANDING DURABILITY AND LONGER LIFE, ALL OUR BATTING CAGE NETTING IS FLEXABAR TREATED IN BLACK. Flexabar is a treatment that adds superior weather resistance and is permanent... no rubbing off on floors, balls or equipment. The black color provides an excellent hitting background, too!

NUMBER	DESCRIPTION
60410	Batting Cage Net, #21 nylon 10'Hx10'Wx70'L, black
60412	Batting Cage Net, #21 nylon 10'Hx12'Wx70'L, black

Golf Driving Barrier Nets

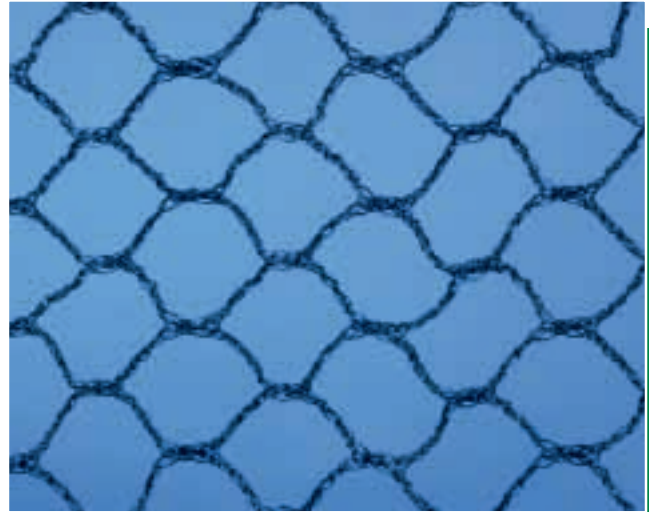

- Helps prevent golfers from hitting **directly** at buildings, parking lots, pools and other areas.
- Made of 100% nylon for heavy-duty applications. Won't rust or mildew. Choose black or green weather treatment. Remains flexible even in cool temperatures.
- Strong 3/4" square mesh helps contain direct hit golf shots. Carron sews a tape binding on all edges of each piece for added strength.
- Made-to-order to the sizes you want. This net is manufactured with a square-mesh arrangement so it hangs straight and is easier to set up.

Side Range Golf Barrier Nets

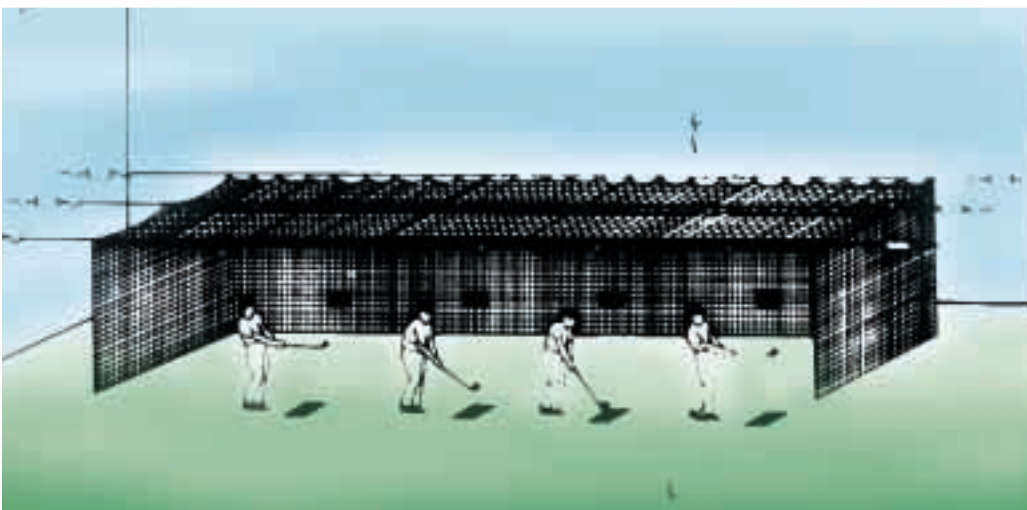

STANDARD DUTY
Strength: 45 lbs. per mesh

- Top and bottom edges of heavy duty netting have integral binding (see picture above).
- Designed for sides of fairways and practice ranges (not to be hit directly into).
- Lower cost per square foot allows you to cover large areas economically. Made of water resistant flexible poly material. Won't rust or mildew.
- You can cut with a scissors. Dark color. Costs less than nylon netting. Sold by the bale.
- Ships UPS.

LIMITED QUANTITIES AVAILABLE – CONTACT FACTORY FOR AVAILABILITY.	

Multi-Player Golf and Archery Cage

Maximize the value of your cage investment with a Carron Multi-Player Combination Cage. Suitable for both golf and baseball, the cages feature zippers on both ends of one long side wall for easy conversion. Cages can also be constructed with archery netting on the back wall for even more versatility.

Check with Carron Net for specifications and pricing.
